Pittsburg, Pa. It was dated April 14 and read:

"Armstrong: You have done your part and you will soon pay. We will do our part and you will see what part it will be."

The letter was unsigned.

A long rambling letter on the general subject of Mayor Mitchell's record on the police question began.

"Mitchell: You never lost some of your old tricks and you never will."

A great crowd surrounded the city hall while Rose and Mr. Polk were inside. Several in the crowd picked up teeth that had been knocked from Mr. Polk's mouth and had fallen on the running board of the machine.

At the New York hospital after a more detailed examination it was said that Mr. Polk's injury would not prove fatal.

"Mr. Polk is conscious," said a bulletin given out at the hospital at 2:30 o'clock.

"He is doing as well as can be expected under the circumstances."

FINE CHANCE HERE FOR DEMONSTRATION BY SECOND SOLOMON

(By Leased Wire to Evening Herald.)

Opelousas, La., April 17.—Scores of women were waiting today at the doors of the St. Landry parish courthouse, where the state will attempt to force the last link in the chain of evidence against W. C. Walters on trial on the charge of kidnapping Robert Dunbar, 3 years old, and claimed by two women as their son.

Walters, an itinerant, several months ago was arrested in Mississippi with the boy in his possession. Mr. and Mrs. C. P. Walker of Opelousas identified the child as their son, who disappeared in 1912. Later Julia Anderson of North Carolina claimed him as her offspring and said that she had given him into Walters' possession.

Answer in "Mother's" Case.

Denver, April 17.—Major Edgerton J. Boulton, judge advocate of the national guard of Colorado, today had prepared his return to the "Mother" Jones habeas corpus writ and expected to file it in the state supreme court late today or tomorrow.

The return recites that the aged strike leader was imprisoned at the order of Governor Ammons and released upon the same authority. It asks for a dismissal of the case.

Mrs. Jones conferred with her attorney and with officials of the United Mine Workers of America today. No announcement of any further moves on the part of strike leaders was made.

INDICTMENTS CAUSES BALKY WITNESSES TO TALK

Response of Men Who Refused to Give Commerce Commission Facts Is Immediate and Complete.

BILLARD BOOKS ARE READY FOR PROBE

(By Leased Wire to Evening Herald.)

Washington, April 17.—All the re-calcitrant witnesses in the interstate commerce commission's inquiry into the financial operations of the Ballard company with the New York, New Haven and Hartford railroad, have agreed to testify fully concerning the facts in their possession and to produce the books and papers of the Ballard company.

Counsel Joseph W. Folk of the commission today received from Homer S. Cummings, attorney for two of the witnesses, Henryway and Morehouse, a telegram saying that his clients would respond to questions.

Another telegram from Henry Stoddard, representing Whipple and Field, gave assurances that his clients would not only answer questions which they refused to a week ago, but would also produce books and other documents of the Ballard company desired by the commission.

Confronted by indictment and criminal prosecution for their refusal to respond to "broad" questions of the commission, the witnesses concluded not to press their contention that the questions asked constituted an invasion of their personal rights.

It is known that the federal grand jury yesterday voted 11 indictments against the four named witnesses. In view of the acquiescence of the demand of the commission the indictments may not be returned to the court. Meantime, the indictments probably will be held in suspension.

It is expected that the next hearing will be on April 23. At that time opportunity will be afforded the witnesses to comply with the agreements entered into by Mr. Folk by their counsel.

John L. Ballard, promoter of the Ballard company, though Mr. Cummings today assured the commission that the published statement that he said the commission in instituting

criminal proceedings against the witnesses was "bluffing" was incorrect and that he had never said anything that could fairly be construed into such a statement.

IT'S A MISTAKE.

Made by Many Albuquerque Residents

Many people in a misguided effort to get rid of kidney backache rely on plaster, liniments and other makeshifts. The right treatment is kidney treatment and a remarkably recommended kidney medicine is Doan's Kidney Pills. Albuquerque is no exception.

The proof is at your very door. The following is an experience typical of the work of Doan's Kidney Pills in Albuquerque:

Louis M. Germain, Albuquerque, N. M., says: "My back was weakened by heavy lifting of trunks and other baggage. It got so bad I could hardly stand straight and it was hard for me to jump off and on the wagon. I was weak and became more so every day. One day I read how Doan's Kidney Pills cured a local citizen of a similar case and I got a supply. The first box did me so much good that I got several more. They made me well."

REFUSE TO GET EXCITED OVER THE HINDU INVASION

Vancouver, B. C., April 17.—British Columbians refused to take alarm over the report that a shipload of 140 Hindus left Shanghai on April 14 for Vancouver for the purpose of testing the attitude of Canadian authorities under the recent court decision that Canada is not justified in excluding natives of India.

"If the statement is correct," said Malcolm Reid, head of the Dominion immigration department for British Columbia, "it simply means that when this shipload of Hindus arrives here they will have to return, as under the order in council in B. C. 887, artisans or laborers, skilled or unskilled, are not allowed to enter British Columbia."

"This new order-in-council means," he continued, "that if the Hindus cleared after March 31, they cannot be admitted here—that is, if, as is presumably the case, they are laborers. If they should prove to be wealthy tourists they would come in as tourists and go out as tourists."

A Vancouver paper published yesterday the information that the shipload of Hindus had been recruited by Curditt Singh, a wealthy East Indian who chartered the steamer Komagata Maru. Two hundred of the Hindus are from Shanghai, 150 from Hong Kong and the remainder from Nagasaki. No official report of the steamer's departure for Vancouver has been received here.

LANDLORDS ORGANIZE AGAINST BUM TENANTS

Old Slogan "Cheaper to Move Than Pay Rent" no Longer Goes With Property Owners in Windy City.

(By Leased Wire to Evening Herald.)

Chicago, April 17.—More than 10,000 persons in Chicago will be unable to move on May 1, the annual spring moving day in this city, because of the unwillingness of landlords to receive them as tenants, according to a statement today by an official of the landlords' information and protective bureau.

"From 20,000 to 25,000 persons are evicted every year for non-payment of their rent," said the official. "More than 80,000 persons have been sued by their landlords. We keep the names of such tenants in our books. Other lists are obtained by working with real estate men and with neighbors of undesirable tenants. This information is given to landlords for their protection."

LEAVES CIGAR MONEY TO WEALTHY FRIEND

(By Leased Wire to Evening Herald.)

Chicago, April 17.—Oliver W. Norton, a wealthy manufacturer, was notified today of a bequest of a fund amounting to \$250 to be dedicated to the purchase of cigars.

The money was willed to him by Mrs. Elizabeth C. Vincent, who died recently at her home in Cincinnati. The will, which was filed in Cincinnati yesterday, provides:

"To Oliver W. Norton, to be expended for the best cigars he can buy, I give and bequeath \$250."

Big Fire in Washington.

Washington, April 17.—More than 100 families were driven from their homes today by an early morning fire which damaged the stables of the United States Express company and flat buildings in the vicinity to the extent of more than \$200,000. The fire broke out in the express company's stables and 100 horses were burned to death before firemen reached the building.

Cured of Chronic Constipation.

"For twenty years I suffered with chronic constipation," says C. W. Robertson, of Cordova, B. C. "In May, 1908, it had assumed a more serious form, resulting in indigestion, piles and neurasthenia. Life seemed a burden to me. Two famous physicians and one specialist with all their drastic drugs failed to help me. A friend advised me to give Chamberlain's Tablets a trial, which I did, and am pleased to say two bottles of them cured me." For sale by all druggists.

In many parts of the west snow is leaving the mountains earlier than usual. Foresters say that this may mean a bad fire season, and they are making plans for a hard campaign.
